Objective

Passionate and innovative UI/UX Designer and UI Developer with five months of hands-on experience creating intuitive, user-centered designs and implementing them through cutting-edge UI development techniques. Seeking to leverage skills in design thinking, prototyping, and front-end development to contribute effectively in a dynamic team environment.

Experience Summary

- ✓ Over Four months of valuable IT experience specializing in UI/UX Designing and UI Development.
- ✓ Collaborated with cross-functional teams to gather user requirements and design wireframes, prototypes, and mockups using Sketch, and Figma.
- ✓ Translated design concepts into responsive web interfaces using HTML5, CSS3, JavaScript and frameworks like Angular, Bootstrap while ensuring cross-browser compatibility and accessibility standards.
- ✓ Worked closely with developers to implement designs, ensuring pixel-perfect UI implementation and smooth user interactions.
- ✓ Contributed to agile development sprints, providing UI/UX expertise and delivering high-quality designs within project timelines.

Academia

2023	Manonmanium Sundaranar University	– Score:75%
